

**The library will not open for regular library services until Clatsop County is approved for Phase 3 under the Governor's reopening framework. We wish to assure the safety of our volunteers and patrons, many of whom are in a higher-risk group.**

**We are currently exploring the option of adding a holds pick up service soon. Holds may be placed online and picked up on a designated day and time. We will keep you informed as this service develops.**

**When the library is reopened for regular services, patrons will be required to wear face coverings, use hand sanitizer, and observe social distancing. There will be a limit on how many patrons will be able to use and enter the library at any one time. Browsing will be limited.**

**Because of the coronavirus pandemic, there will be no Fourth of July Book Sale this year. Cancelling this event was very difficult, as this is our largest and one of our most essential fundraising events of the year, and a Cannon Beach tradition.**

**Thank you for your patience as we navigate this new terrain. We miss serving our patrons and visitors.**
